About the Editors	ix
Editors' Note	xi
List of Contributors	xiii
Introduction	xxi
<i>Edward I. Altman; Andrea Resti, Andrea Sironi</i>	
NYU Salomon Center and NYU Stern School of Business; Bocconi University	

PART I: DEFINING AND MEASURING RECOVERY RISK

1 What Do We Know About Loss Given Default?	3
<i>Til Schuermann</i>	
Federal Reserve Bank of New York and Wharton Financial Institutions Center	
2 Defining LGD: The Basel II Perspective	25
<i>Andrea Resti, Andrea Sironi</i>	
Bocconi University	
3 Loss Given Default: A Review of the Literature	41
<i>Edward I. Altman; Andrea Resti, Andrea Sironi</i>	
NYU Salomon Center and NYU Stern School of Business; Bocconi University	
4 Estimating Recovery Risk by Means of a Quantitative Model: LossCalc	61
<i>Greg M. Gupton</i>	
Moody's KMV	
5 Recovery Ratings: A Fundamental Approach to Estimating Recovery Risk	87
<i>William H. Chew, Steven S. Kerr</i>	
Standard and Poor's	

PART II: MEASURING LGD ON SPECIFIC PORTFOLIOS

6 How to Measure Recoveries and Provisions on Bank Lending: Methodology and Empirical Evidence	101
<i>Jean Dermine; Cristina Neto de Carvalho</i>	
INSEAD; Universidade Catolica Portuguesa	

7	Recovery Rates in the Banking Industry: Stylised Facts Emerging from the Italian Experience <i>Pierpaolo Grippa, Simonetta Iannotti; Fabrizio Leandri</i> Bank of Italy; Monte dei Paschi di Siena	121
8	Estimating LGD in the Leasing Industry: Empirical Evidence from a Multivariate Model <i>Giacomo De Laurentis; Marco Riani</i> Bocconi University; Università degli Studi di Parma	143
9	Recovery Rates from Distressed Management Buy-Outs <i>David Citron; Mike Wright</i> Cass Business School; Nottingham University Business School	165
PART III: THE PD/LGD CORRELATION		
10	The Effects of Systematic Credit Risk: a False Sense of Security <i>Jon Frye</i> Federal Reserve Bank of Chicago	187
11	LGD in a Structural Model of Default <i>Samu Peura; Esa Jokivuolle</i> Sampo plc; Bank of Finland	201
12	The PD/LGD Link: Empirical Evidence from the Bond Market <i>Edward I. Altman; Brooks Brady; Andrea Resti, Andrea Sironi</i> NYU Salomon Center and NYU Stern School of Business; Standard and Poor's; Bocconi University	217
13	Systematic Risk in Recovery Rates of US Corporate Credit Exposures <i>Klaus Düllmann; Monika Trapp</i> Duetsche Bundesbank; University of Mannheim	235
14	The PD/LGD Link: Implications for Credit Risk Modelling <i>Edward I. Altman; Andrea Resti, Andrea Sironi</i> NYU Salomon Center and NYU Stern School of Business; Bocconi University	253
15	Credit Risk Assessment and Stochastic LGD: An Investigation of Correlation Effects <i>Ali Chabaane; Jean-Paul Laurent; Julien Salomon</i> ACA Consulting and BNP Paribas; ISFA Actuarial School, University of Lyon and BNP Paribas; BNP Paribas	267

PART IV: ADVANCED METHODOLOGIES

- 16 Choosing the Discount Factor for Estimating Economic LGD** 285
Iain Maclachlan
Australia and New Zealand Banking Group Ltd
- 17 Estimating "Distressed" LGD on Defaulted Exposures:
A Portfolio Model Applied to Leasing Contracts** 307
Marie-Paule Laurent, Mathias Schmit
Université Libre de Bruxelles, Solvay Business School
- 18 Estimation of Recovery Rate Densities: Non-parametric and
Semi-parametric Approaches versus Industry Practice** 323
Matthias Hagmann; Olivier Renault; Olivier Scaillet
HEC Lausanne and FAME; CitiGroup Global Markets
Ltd; HEC Genève and FAME
- 19 Estimating Conditional Probability Distributions of
Recovery Rates: A Utility-Based Approach** 347
Craig Friedman; Sven Sandow
Standard and Poor's; NYU Courant Institute of
Mathematical Sciences
- Index** 361
